Outbound Shipping Procedures

Each exhibitor will be expected to label his/her exhibit materials and furnish shipping information. Plain Labels to print (not UPS or FedEx labels) and outbound material handling agreements will be available at the service desk. All exhibitor charges must be paid in full before an outbound material handling agreement will be handed out.

A Paramount Convention Services outbound material handling agreement must be completed before any shipments will be released regardless of the shipping firm used. Material handling charges are a onetime fee, if you ship out of the show and did not ship to the show or ABF warehouse, you will receive a material handling charge from Paramount (separate than shipping charges from your carrier or ABF).

After you have packed your exhibit /materials, leave your labeled materials in your booth and please bring the completed outbound material handling agreement to the Paramount service desk. Verify the piece count, weight and that the signature is on the outbound material handling order form prior to shipping out.

Previous shipping labels should be removed. Paramount Convention Services accepts no responsibility for misdirected shipments as a result of old shipping labels which remain on containers. PARAMOUNT CONVENTION SERVICES WILL ROUTE ALL SHIPMENTS WITH THE SHOW CARRIER UNLESS ADVANCE ARRANGEMENTS WITH ANOTHER CARRIER ARE MADE.

Exhibits and materials for which arrangements have not been made with Paramount Convention Services, or which have not been removed from the exhibit area on removal day, will be re-consigned onto the show carrier by Paramount Convention Services. If you choose to use the show carrier-ABF, there is no need to call anyone, as they will be onsite during move out. **Charges for shipping with ABF are all handled with ABF as they are a separate company from Paramount. The shipping charge is a separate charge then the material handling charge, the credit card you have on file with Paramount will not work with shipping for ABF.**

If you wish to use another carrier, you must notify them to pick up your freight at the close of the show: All freight carriers must check in at the dock with Paramount by 7:00PM, Sunday, December 1, 2024 or your freight will be re-consigned onto the show carrier ABF.

If you have any questions, please contact the staff at the Paramount service desk.

If you are shipping out using UPS or FedEx ground, express or air, (not freight) you must have their shipping label with your account number on each package or they will not take your packages (PARAMOUNT'S PLAIN PRE-PRINTED LABELS WILL NOT WORK).

An arrangement for pick-up by any carrier other than our show carrier (ABF) is the responsibility of the exhibitor.

UNION JURISDICTION RULES

Since Work Rules and Union Jurisdictions vary from city to city, we apprise you of the following statements to help you in understanding the Union Requirements.

Decorator & Carpenter Jurisdiction

It is necessary for all exhibitors to use qualified union personnel for the installation and dismantling of prefabricated exhibits and displays and to install and remove draperies and floor covering. The handling, placing or setting out of merchandise that is to be displayed does not require union labor and may be done by the exhibitor. In addition, the installation or dismantling of an exhibit which does not require the use of hand tools, or more than one person, and can be accomplished within thirty minutes, may be performed by the owner or company representative for booths up to 10' X 30' in area. Your labor requirements can be ordered on the enclosed Exhibit Labor Order Form.

Teamster Jurisdiction

Our Material Handling Department is responsible for maintaining in and out traffic schedules at the Show site. Even local exhibitors should clear all movements of exhibit materials through this department as we will have priority at the unloading area at all times. For safety reasons, individually hand carried items or vehicles are not allowed through the dock. Material Handling Services may be ordered in advance by completing and returning the enclosed Shipping Information and Service Order Form. Paramount Convention Services will handle **all** incoming show freight regardless of the material handling form being submitted, advance or show site delivery and regardless of if freight is designated as in care of Paramount or not; and the exhibitor will be liable for all appropriate charges as described on the material handling form, as well as all storage fees, if any charged by the facility for items delivered and accepted prior to scheduled move in date

Thank you!

LABOR ORDERING INSTRUCTIONS

Step 1 Review Jurisdiction Information Below

The work outlined under Electrical Jurisdiction below must be performed by Edlen Electricians and cannot be performed by any other union or I&D House. Determine the type of work required in your booth space and complete the corresponding labor forms. The Power Delivery section indicates if power typically comes from the ceiling or the floor which may impact your booth layout.

Step 2 Complete the Appropriate Forms

There are 2 different forms utilized to schedule labor in your booth space. This allows exhibitors to pre-pay the estimated labor cost. This is only an estimate. Final labor and/or lift cost may be greater or less depending on time required and minimum labor charges.

A. Electrical Distribution

This form is used for the distribution of power on the floor in your booth space. This form should be completed for all island booths. Inline and peninsula booths need to provide this information only if power is required at any other location than the rear of the booth space.

Step 3 Return the following forms to Edlen

Electrical Order, Method of Payment, applicable Labor Forms and Electrical Layout.

ELECTRICAL JURISDICTION

WORK REQUIRING EDLEN ELECTRICIANS

1. Delivery of main power line to Island Booths only
2. Electrical distribution under carpet or overhead
3. Connection of all high voltage services
4. Hardwiring of any electrical apparatus
5. Installation of lighting hung from ceiling
6. Assembly & installation of lighting hung from ground supported truss
7. Installation of lighting & monitors
8. Installation & disconnect of powers packs/inverters

POWER DELIVERY

Power is typically delivered from the floor in this facility and is brought to one main distribution point. From this point it is distributed to all other locations in the booth space. Depending on the total power requirements an electrical panel may be placed at the main distribution point. Electrical panels utilize a minimum of 1'x1'6" floor space. Please call if you have any concerns.

ELECTRICAL DISTRIBUTION UNDER CARPET

ALL Island booths MUST provide the information below. Inline and peninsula booths need to provide this information ONLY if power is required at any location other than the rear of the booth space. This information allows Edlen the opportunity to expedite move-in by having your power distribution complete prior to your scheduled move-in time. Complete all of the fields below including the "Labor Estimate" Section. Edlen will make every attempt to complete the work prior to your arrival, but it can not be guaranteed.

- Provide an Electrical Layout Form:
 - The electrical layout must indicate each power outlet and its location with exact measurements.
 - The electrical layout must reflect booth orientation. Use surrounding booth or aisle numbers.
 - Identify a main distribution point. Power is delivered to that point and then distributed to other locations. Inline or peninsula booths do not need to provide a main distribution point. Power will be located at the rear of the booth.
 - If power is only required in one location in Island booths, indicate that location with measurements on your electrical layout.
- What date will you begin building your booth?
 - Date: _____ Time: _____
- Will you be utilizing any specialty floor covering other than carpet, such as vinyl or wood?
 - Describe flooring: _____
 - Estimated date and time flooring installation will begin. Date: _____ Time: _____
- Show site supervisor:

Email _____ Company _____
- The exhibitor acknowledges there is a minimum 1 hour labor charge for the distribution of services and 1/2 hour for the removal of services. Island booths that only require power delivered to one location incur a 1 hour installation and removal charge.

There is a minimum 1 hour installation and 1 hour removal cost for both lift and labor. For safety reasons lifts require a 2 man crew.

PLUMBING TERMS, CONDITIONS & REGULATIONS

1. A complete order with payment and floor plan inclusive of a scaled layout (for island booths or any booth requiring distribution of plumbing services) must be received no later than the deadline date for advance payment rates to apply. Orders received without payment and required floor plan are not guaranteed advance rates. Orders received after the deadline date will be charged at the regular rate. A purchase order or photocopy of a check are not considered valid forms of payment for securing advanced rate.
2. To receive advance rates a complete order inclusive of a scaled plumbing layout must be received before the advance payment deadline date. The scaled layout must match the order and include plumbing locations and orientation. Any changes or additional services received after the deadline date will be charged the regular payment price.
3. In the event that totals are calculated incorrectly, Edlen reserves the right to make the necessary corrections. Exhibitors will be notified by email of any corrections made. This includes adding the required minimum CFM charges when applicable and labor charges.
4. All outlets will be installed on the floor at the back wall of inline and peninsula booths. All services ordered for island booths will be dropped to one location in the booth. Edlen will make every attempt to deliver these services to a location convenient to the exhibitor.
5. Distribution of services throughout the booth space, whether under the carpet, above the carpet or overhead is done on a time and material basis. Lift charges may also apply for overhead distribution.
6. Additional footage charges apply when an Exhibitor requires services that are further than 90 feet away from closest outlet and when dropped from overhead when services originate on the floor or columns.
7. Labor charges apply when an exhibitor requires services to be dropped from overhead when services originate on the floor or columns.
8. The CFM requirements (Cubic Feet per Minute) determine the volume of air required to properly operate exhibitors equipment. CFM is a labor charge for sizing and installation of the service infrastructure.
9. In some instances a pump is required to drain services out of an exhibitor's booth. When this occurs, time & material charges apply. Exhibitors are encouraged to contact Edlen to discuss any potential additional costs.
10. Connection to exhibitor equipment is included in the cost of the service. Special equipment requiring company engineering or technicians for assembly, servicing, preparatory work and operation may be executed without Edlen plumbers.
11. Service outlet size is determined by the volume required. Air line size is dictated by the CFM requirements and air line terminations vary.
12. Compressed Air is supplied during show hours only. If compressed air is required for non-show hours call for a quote.
13. Wall, column and permanent building utility outlets are not part of booth space and are not to be used by exhibitors.
14. Unless otherwise directed, Edlen personnel are authorized to cut floor coverings to permit installing service(s) ordered.
15. Pressure for Water Services may vary. No guarantee can be made of minimum or maximum pressure. If pressure is critical, the exhibitor should arrange to have a pressure regulator valve installed.
16. Natural Gas "when available" is not regulated by Edlen and is at the facility pressure. Call for price quote when available.
17. Gas & Cylinders "when available" 1025 - 1030 BTU per cubic foot at 7' water column pressure. Credit will not be provided on unused cylinders.
18. All equipment using water must have inlet and outlet properly tagged.
19. All equipment must comply with state and local codes.
20. Edlen will not be responsible for moisture or water in air lines. Exhibitors should supply their own filter or other equipment to handle moisture or water.
21. For gas cylinders or any other special requirements call for a quote. Delivery charges will apply to any specialty equipment delivered and removed from the exhibitor booths.
22. Edlen must have 30 days notice in order to supply special regulators, strainers, traps, etc.
23. Credit will not be given for services installed and not used. All orders are subject to a 25% cancellation fee if cancelled in writing and received by Edlen (21) calendar days or less prior to the first contracted event move in date. Except sales tax, Edlen will not refund overpayment in amounts less than \$50.00 unless specifically requested in writing.
24. If the event is cancelled within 90 days prior to the first contracted event move-in day all orders are subject to a 25% cancellation fee. No refunds will be issued for events cancelled on or after the first contracted event move-in day.
25. Claims will not be considered or adjustments made unless filed in writing prior to close of the event; no exceptions.
26. Credit will not be given for outlets installed or connections made and not used.
27. Payment in full for all plumbing services provided must be made in full prior to close of the event.
28. It is agreed that in the event it becomes necessary to turn this matter over to an attorney for collection, or to file a lien, or foreclosure, or otherwise, exhibitor will pay Edlen its attorney fees or applicable agency fees.
29. A service charge of \$25.00 will be assessed for all returned checks or declined credit cards.
30. A service charge of 1.5% per month on any unpaid balances will be made starting 10 days after date of invoice.
31. Exhibitor hereby agrees to all terms and conditions outlined on all order forms and the Edlen General Data Protection Regulation (GDPR) privacy policy which can be reviewed by visiting: <https://ordering.edlen.com/LegalNotices/Terms-Edlen-GDPR.pdf>

FAQ

Frequently Asked Questions

DOES SMART CITY NETWORKS PROVIDE COMPLIMENTARY WI-FI?

Yes! Smart City Networks provides complimentary Wi-Fi in most designated public areas of the facility, such as the concourse lobbies and food courts. Check with your specific venue for locations. This service is made available to approximately 30 million guests, visitors, and attendees at our convention centers throughout the country. There is no requirement to purchase a Smart City Networks service in order to take advantage of the complimentary Wi-Fi.

WHY DOESN'T SMART CITY NETWORKS PROVIDE COMPLIMENTARY WI-FI IN THE EXHIBIT HALLS?

Exhibit halls are not public areas since this space is typically licensed to a company, government agency, or trade association for a private event. The space license agreement governs the availability of a range of services for the event and the license may or may not call for complimentary Wi-Fi services.

WILL MY PERSONAL HOTSPOT (MI-FI) WORK IN YOUR BUILDING?

Yes – however, the capability of your personal mobile hotspot is limited by your cellular carrier by the spectrum and Internet bandwidth capacity they have made available. Cellular carrier signals penetrate into a facility either from a nearby cellular tower or via an in-building Distributed Antenna System (DAS). It is important to remember that your personal mobile hotspot is obtaining a wireless signal from a shared cellular network, so service may be disrupted or become unreliable due to user density and demand on the carrier's network. In all cases, you have the option to take advantage of the complimentary Wi-Fi throughout the public areas, or if you choose, you can purchase an upgraded package based on your service requirements.

WHAT MUST BE IDENTIFIED ON MY FLOORPLANS?

Floor plans should include the surrounding booth numbers for orientation, measurements and easy identification of all required end location(s). Be sure to distinguish your main distribution line (MDL) and additional patch cables. Please reference Smart City's Communications Floorplan Worksheet.

TIP: Most of our venue's data jacks originate from a floor pocket. Be sure to submit a completed floorplan prior to the first day show move-in to avoid any additional labor charges.

Order online at:
orders.smartcitynetworks.com
or call 888.446.6911

DO YOU OFFER INCENTIVE RATES?

Yes! Orders received along with payment by the incentive deadline date will receive our early incentive pricing.

WHY ARE ROUTERS NOT ALLOWED ON A SHARED NETWORK?

Many times, Smart City has found that routers on a shared network are installed incorrectly, which can cause problems for other users of the network. Additionally, an accurate count of the number of devices on the network is required to determine the appropriate network size and bandwidth available to the network. For more information and to request the build-out of a special system to meet your needs, contact our team today for a quote.

CAN I PROVIDE MY OWN SWITCH AND/OR CABLING?

Yes, you can provide your own switch and patch cables for in booth cabling. Unless otherwise mandated by the venue.

Please Note: Connectivity can be guaranteed only to the point where Smart City Networks' services originate in the booth. Smart City Networks cannot guarantee service on customer/exhibitor-provided cable(s) and/or equipment. Any request for trouble diagnosis or problem resolution found not to be the fault of Smart City Networks (such as faulty equipment or damaged cable) may be billed to the exhibitor at the prevailing labor rate.

HOW MUCH BANDWIDTH DO I NEED?

To identify how much bandwidth you should require, please reach out to a technical representative in your organization, review your program specifications listed with any demonstrations or downloads you plan to run.

WHAT DOES SD, HD, AND UHD STAND FOR?

SD, HD, and UHD are the abbreviated names of three video streaming formats. The basic difference between each of the formats is the number of pixels comprising the video image. The greater the pixel count the sharper and more detailed your video will be.

FORMAT	RESOLUTION	BANDWIDTH REQUIRED
Standard Definition (SD)	720x480	3.0-5.0 Mbps
High Definition (HD)	1280x720 & 1920x1080	5.0-8.0 Mbps
Ultra High Definition (UHD)	3840x2160	25 Mbps
